- ▶ Total Orders: 2000 shows healthy customer demand.
- ▶ Total Profit: 2.08M reflects good business profitability.

Insight:

Healthy profit margin **indicates efficient cost management and pricing strategy.**

SALES BY PRODUCT CATEGORY

- ▶ Haircare is the highest-selling product category.
- ▶ Fragrance and Personal Care also contribute significantly.
- ▶ Skincare shows comparatively lower sales and growth opportunity.

Insight:

- Haircare products are the **top revenue drivers**.
- Skincare may need **promotions or product enhancement**.

CUSTOMER GENDER ANALYSIS

- ▶ Sales contribution is almost equally split between male and female customers.
- ▶ Female customers show a slightly higher purchase value.
- ▶ Gender-based campaigns can further increase engagement.

Insight:

- Brand appeal is **gender-neutral**.
- Opportunity to launch **unisex or cross-gender marketing campaigns**.

ORDERS BY PAYMENT MODE

- ▶ UPI, Credit Card, and Cash are the most used payment methods.
- ▶ Digital payment methods dominate overall transactions.
- ▶ Optimizing digital offers can improve checkout conversions.

Insight:

- **Digital payments dominate**, showing strong adoption of online transactions.
- Business should continue investing in **digital payment offers and cashback**.
